**At Sonic Lighting,  
we're here to help...**

### **At Sonic Lighting, we're here to help**

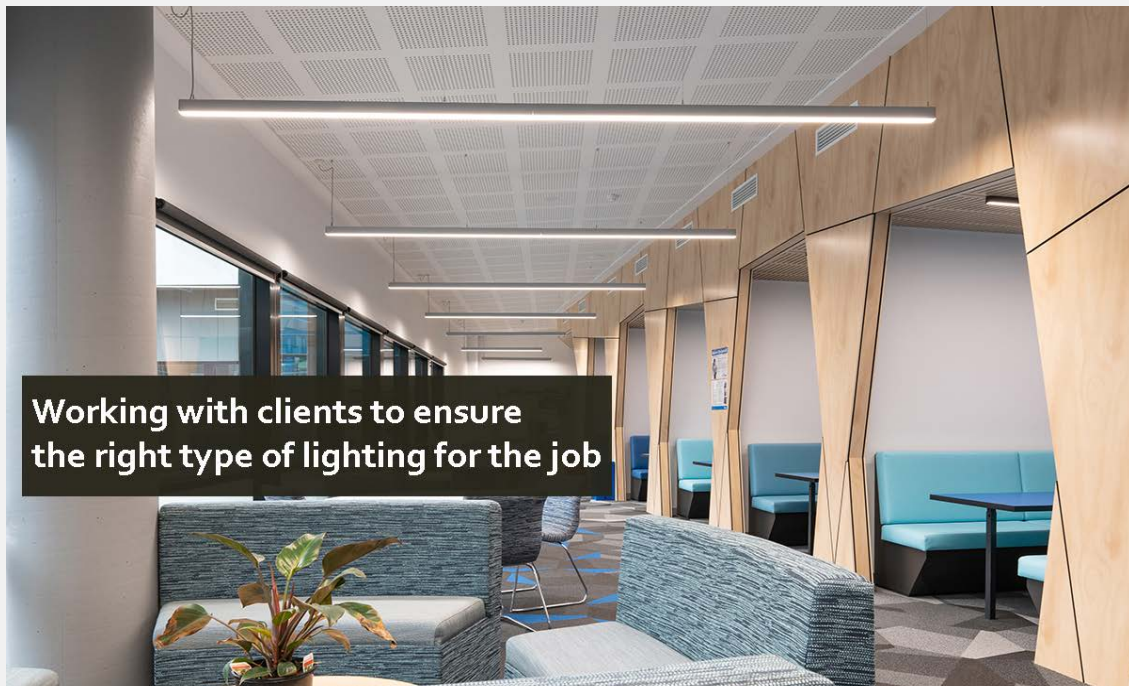

At Sonic Lighting, we pride ourselves on our long-standing relationships with engineering, design and construction professionals who want quality lighting products with a high level of dedicated customer service.

We work with our clients to assist them in selecting and specifying products that fit their project brief, offering a complete lighting package and sales for individual projects or roll-outs across retail chains, boutiques, multi-level offices, bars and multi-residential projects.

### **Creative and technical solutions for projects of any size**

We have completed 100s of projects, with each one individually unique and tailored specifically to our client's lighting requirements. Recent clients include schools and universities, car showrooms, multi-level offices, football stadiums, retail, pubs and clubs and residential projects.

### **Working with clients to ensure the right type of lighting for the job**

Providing up-to-date technical expertise, supplying quality products that best suit your needs, our straight-forward and collaborative approach will assist in making your project run smoothly.

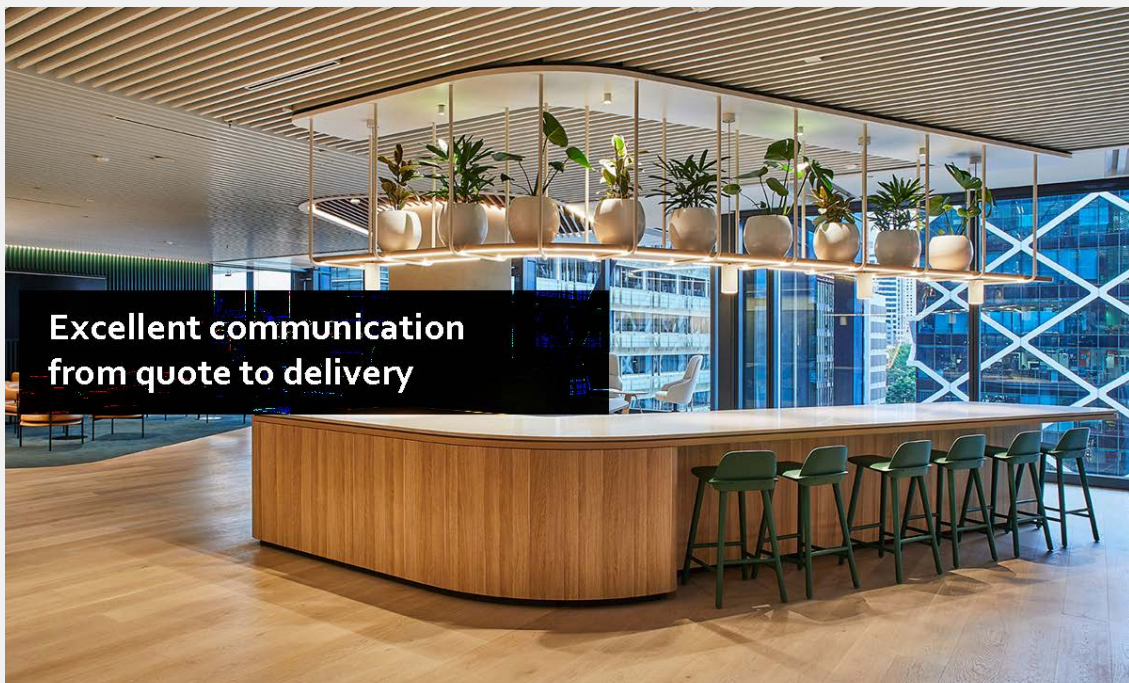

### **Comprehensive architectural ranges for quality lighting outcomes**

A prime consideration with our lighting products is a high level of design aesthetic and quality components to guarantee a first-class performance. Our ranges of designer and technical lighting are sourced globally and showcase our passion for creativity and constant innovation.

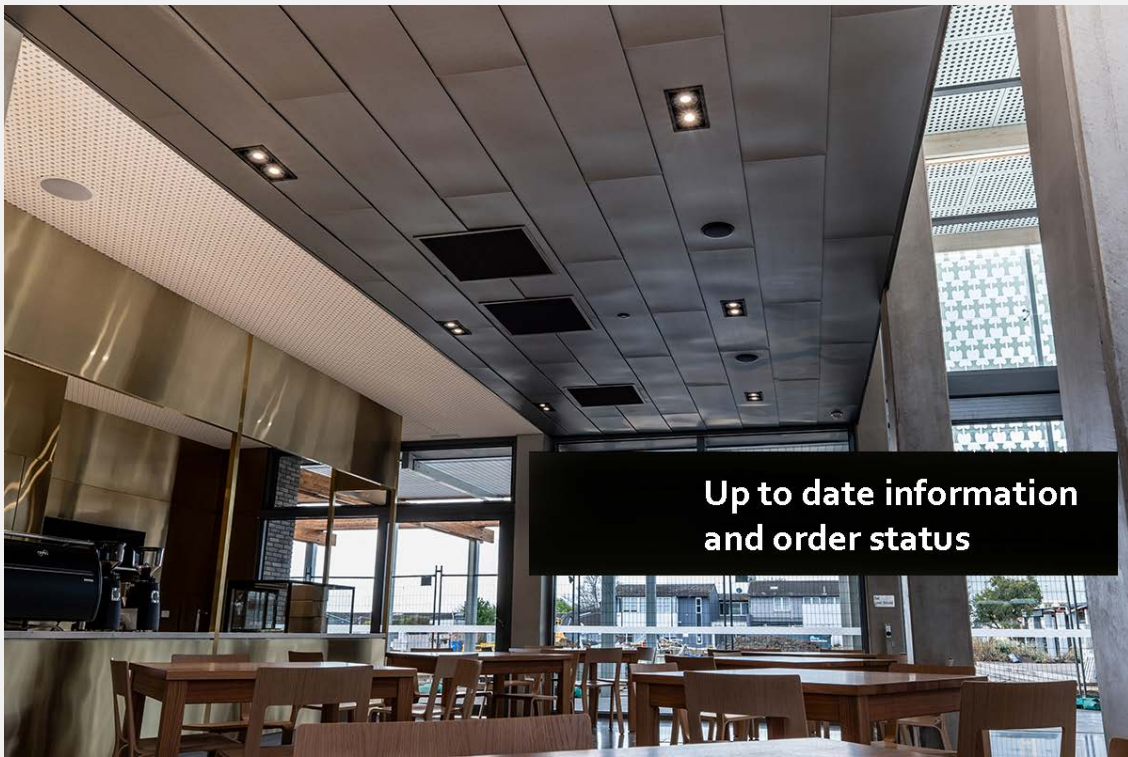

With regular deliveries from suppliers in Europe and Asia, our lead times work with your project timelines.

### **Excellent communication from quote to delivery**

We communicate via email or phone with a commitment to a next business day response time to most of your queries.

From quote to delivery, we provide transparency with delivery times and stock and delivery updates as they arise.

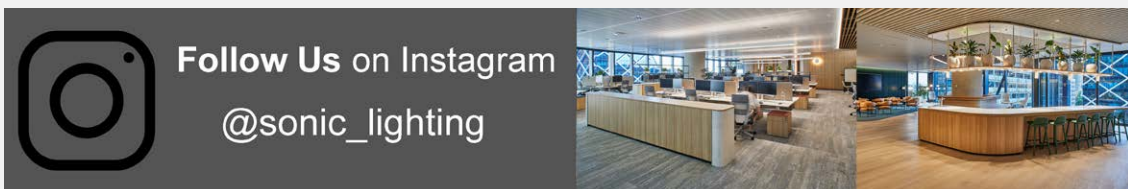

**Up to date information  
and order status**

#### **Up to date information and order status**

Although we move shipments every few weeks, many of our suppliers are international so we keep you apprised of any movements and expected ETAs. If these change in any way, we will also update you.
